Royal Jubilee Hospital: Begbie Hall, Room 306 – February 19, 2010
V/C is available to NRGH, if you are at another site please inquire ASAP
1:00 pm – 4:00 pm

Demystifying Grant Writing

This workshop is primarily designed for health researchers who are new to grant writing. We will cover how to search for funding and how to get started with small grants. While the focus will be on small grants, the general principles remain the same for large funding competitions as well.

Research Skills Workshops are an initiative of the VIHA Capacity Building Office, whose goal is to build research capacity with VIHA health professionals and decision makers, as well as building collaborative links with community, academic partners, other health authorities, and the Ministry of Health.

For more information please see the Capacity Building webpage:

Presented by: Diane Allan, MA

Diane Allan is a Project Coordinator (School of Nursing) and Research Associate (Centre on Aging) at the University of Victoria where she has worked for the past 14 years. She has also been the Research Facilitator with Research Capacity Building, VIHA, since November, 2008. Her research interests include rural health services, end of life care, public health, research methods and statistics.

To register please contact lad@viha.ca or phone 250 519-6950. For more information regarding this workshop please contact cap_building@viha.ca
