Overall Objectives

This interactive workshop enables leaders to gain deeper knowledge of the health system and to practice skills required for effective leadership in health administration. At the end of the workshop leaders will be able to

- ◆ describe the role of medical leaders and the value of medical leaders' involvement in health administration;
- ◆ explain the key concepts and principles that facilitate and support patient safety and clinical quality improvement;
- ◆ align medical-leader performance goals with those of the health authority and the provincial health care system ;
- ◆ effectively participate in administrative decision making; and
- ◆ take steps to create a values-based workplace culture focused on delivering safe patient care.

Who should attend?

- ✓ Island Health Medical Leaders: Department Heads, Division Heads, Section Heads, Executive Medical Directors, Medical Directors, Site Medical Directors, Medical Leads and appropriate Administrative Co-leads.
- ✓ Medical Staff Associations (MSAs) Executive

Accreditation Statement

*The University of British Columbia Division of Continuing Professional Development (UBC CPD) is fully accredited by the Committee on Accreditation of Continuing Medical Education (CACME) to provide study credits for continuing medical education for physicians. This event is an Accredited **Group Learning Activity (Section 1)** as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada, and approved by UBC CPD. You may claim a maximum of 3.75 hours (credits are automatically calculated). This Group Learning program meets the certification criteria of the College of Family Physicians of Canada and has been certified by UBC CPD for up to 3.75 **Mainpro+** credits. Each physician should claim only those credits he/she actually spent in the activity.*
