

Amazing Lifestyle. Incredible Career.

Your Life's Work in our Piece of Paradise

As one of British Columbia's six health authorities, the Vancouver Island Health Authority (VIHA) provides public health services to the 750,000 residents of Vancouver Island. We offer excellent work environments as well as a comprehensive package of employer-paid benefits.

You know your skills and training are highly valued! We want you to consider a satisfying and rewarding career in hospital pharmacy with us. Opportunities are available throughout Vancouver Island so you can select the community that fits your lifestyle. Great place, great people!

Pharmacy Assistants - an important part of our Pharmacy Team

Our pharmacy assistants enjoy an expanded role that includes Total Order Entry and Tech-Check-Tech. Pharmacy assistants at VIHA have a wide range of career pathways available to explore:

- Sterile compounding
- Research to informatics
- Packaging and inventory management
- Automation implementation and more!

Qualifications

- Grade 12 and graduation from a recognized Pharmacy Assistant/Technician course.

Work With State-Of-The-Art Technology

Cutting-edge automated pharmacy distribution and inventory management systems are currently being implemented island-wide and features automated dispensing cabinets, bar coding, medication carts and robotics to maximize safety and efficiency.
