VIHA Library’s Electronic Resources

Clinical Databases, including Ovid Medline, CINAHL with fulltext, PsychInfo, Evidence-Based Medicine Reviews and more. Try them at our Website: http://www.viha.ca/library/databases
Access over 1500 e-journals from our Electronic Journals page: http://atoz.ebsco.com/home.asp?Id=6296

Please email the Library at libsvs@viha.ca if you want to access these databases or e-journals from home, and we can send you usernames and passwords. You won’t need these if you’re accessing the e-journals or databases from a VIHA networked computer.

To request copies of articles not available electronically, please contact us at one of the above numbers or e-mail libsvs@viha.ca telling us who you are, your VIHA mailing address, the Issue date (this one is Sept 2007 Bibliobyes) and the section and numbers of the citations you want. Please try to limit yourself to 3 articles.

PAPERS BY LOCAL AUTHORS – Please send us your papers!!!

3: Chessex P, Harrison A(Paediatrics), Khashu M, Lavoie JC. In preterm neonates, is the risk of developing bronchopulmonary dysplasia influenced by the failure to protect total parenteral nutrition from exposure to ambient light? J Pediatr. 2007 Aug;151(2):213-4.

5: Zehr EP, Hundza SR, Loadman PM(Physiotherapy), Stoloff RH. Neural regulation of rhythmic arm and leg movement is conserved across human locomotor tasks. J Physiol. 2007 Jul 1;582(Pt 1):209-27

9: Lerch L, Donald JC, Olivotto IA(Oncology), Lesperance M(Fam Practice), van der Westhuizen N(Pathology), Rusnak C(General Surgery), Biberdorf D(General Surgery), Ross A(General Surgery), Hayashi A(General Surgery). Measuring surgeon performance of sentinel lymph node biopsy in breast cancer treatment by cumulative sum analysis. Am J Surg. 2007 May;193(5):556-9

11: Orrom WJ(General Surgery), Hayashi AH(General Surgery), Kuechler D, Ross AC(General Surgery), Kuechler PM(General Surgery), Larsson S(Oncology), Rusnak CH(General Surgery), Weinerman B(Oncology). The surgical management of rectal cancer: a comparison of treatment methods and outcomes over 2 time periods in the same geographic region. Am J Surg. 2007 May;193(5):623-6
