

# ROYAL JUBILEE HOSPITAL PATIENT CARE CENTRE PUBLIC OPEN HOUSE

The Vancouver Island Health Authority (VIHA) would like to invite neighbours, residents and businesses to an Open House about the new Patient Care Centre now being built on the Royal Jubilee Hospital campus. VIHA staff and ISL Health representatives (the builders of the new hospital) will be on hand to answer questions. You will be able to view the emerging design, find out how neighbours' input influenced the Patient Care Centre's appearance and hear about innovations in the new building and the care it will provide.

Displays will feature the Patient Care Centre design, external and internal features, links to other buildings, positioning on the site.

**Date:** Wednesday, February 4, 2009

**Time:** 7:00 – 9:00 p.m.

**Location:** Woodward Room, Begbie Hall, Royal Jubilee Hospital
